Call for Abstracts

Louisiana Conference on Water Supply, Sewerage and Industrial Waste, Inc.
Alexandria, Louisiana
March 11-14, 2019

The Louisiana Conference on Water Supply, Sewerage and Industrial Waste, Inc. invites proposals for individual papers for the 2019 Annual Conference. Abstracts are due no later than January 15, 2019 and should be submitted via email to Keenan Menard at kmenard@lus.org.

Suggested Topics

The Louisiana Conference on Water, Sewerage and Industrial Waste, Inc. would like to focus this year's technical program on providing timely information to conference attendees regarding how utilities and the water and wastewater communities can successfully address current issues as well as upcoming and imminent issues.

Schedule

All abstracts are due by January 15, 2019. The selected authors will be notified by the Program Committee.

Content and Submission

All papers should be based on the science of the process and should discuss the process, not the relative merits of one brand of product or service over others. Comparisons must be fair and balanced. Discussion of new advances, new or planned projects, and operational data are encouraged.

Sincerely,

Keenan Menard

Program Committee Chair/

Louisiana Conference on Water Supply, Sewerage and Industrial
Waste, Inc.
